## HEAVY LOSSES SUSTAINED AT CASABLANCA

EUROPEAN FORCES ENGAGE THE  
MOORS AND MANY SOLDIERS  
ARE KILLED.

### SITUATION IS DANGEROUS

Rumored That Raisuli Will be Sur-  
rounded by Sultan's Troops  
Soon—War News.

Casablanca, Aug. 20.—An alarm was sounded at sunrise, when galloping groups of Moors were observed on General Druide's western flank. French sharpshooters and light cavalry were immediately sent to the front, followed by a detachment of spahis. At 9 o'clock the engagement began, after which steady volleys from the French and the spahis, supported by the guns of the cruiser Gloire, soon cleared the beach of the enemy. In the meantime the French artillery had been exploding schrapnell shells among bodies of horsemen further south. Toward 11 o'clock the Moors broke and scattered in all directions and eventually disappeared.

Paris, Aug. 20.—A telegram received here from Vice Admiral Philibert declared that the Moroccans apparently suffered heavy losses during the latest engagement, when the camp of General Druide was attacked. Advances from Morocco city declare that Mulai Haig, brother of the sultan, has been proclaimed sultan by the neighboring tribes.

#### Dangerous Situation.

Tangier, Aug. 20.—War Minister Gabbas is reserved regarding the Casablanca situation. In an interview he limited himself to declaring that a continuation of the present anarchy was a dangerous situation, which inevitably would produce disaster. The minister added that he counted upon the loyalty of France and the presence of the Moroccan government to restore order, and was collaborating with the French and Spanish officers for the rapid organization of the international police.

#### Will Engage Raisuli.

Tangier, Aug. 20.—Raisuli, the captain of Sir Harry MacLean, is at his old stamping ground, El-Haut, near the shrine of Sidi Kuseph. He has written a letter to El-Merani, the uncle of the sultan, telling him he was sent out by the sultan to fight. This communication angered El-Merani, and he moved his army to within eight miles of Raisuli's position. Fighting is imminent. If El-Merani is defeated, the hill tribes will loot Alcazar, but if he is victorious the situation will be saved and Raisuli captured.

#### ARMENIAN ARRESTED.

Chicago, Aug. 20.—An Armenian giving the name of Monog Cureshian, 40 years of age, is in jail today, charged with knowledge of the murder of an Armenian rug merchant in New York. He is believed by the police to be a leading member of the Hunchakist society, and efforts are being made by the police of Minneapolis, Chicago, New York and Constantinople to connect him with assassinations of Armenians in America and plots against the sultan.

#### Japanese Spies.

Atlanta, Ga., Aug. 20.—Two Japanese were discovered in the rear of Fort McPherson taking views and sketches of the buildings and grounds. A former enlisted man who first observed the men, after talking with them, reported the matter to the department of the gulf. The officials of the department say no action will be taken unless other discoveries are made.

#### Press Club's Purchase.

Chicago, Aug. 20.—The Press club of Chicago bought from the University club the eight-story building at 116 and 118 Dearborn street. The price paid for the property was \$150,000. The Press club will not occupy its new home until the expiration of one year, the University club reserving the right to remain in possession until its projected clubhouse on Michigan avenue is completed.

## STRUCK HER CHUM TO SAVE HER LIFE

Girl at Summer Resort Employed Saver  
before Resort in Saving Her  
Chum's Life.

Port Huron, Mich., Aug. 20.—Miss Martha Morrison of St. Louis, Mo., is the heroine of the summer colony at Huronia Beach today and Miss Nellie Ballard, another St. Louis girl, claims her as her savior from death by drowning. Miss Morrison was on shore clad in a fluffy summer dress when she saw her chum floundering about fifty feet from the shore in deep

water. Realizing the girl's danger, Miss Morrison swam to her friend's assistance. The drowning girl was frantic with fear. Miss Morrison drew back and struck her chum squarely on the jaw. The girl swooned and in that condition was brought safely to shore. It required an hour to resuscitate her.

#### Artist Missing.

Philadelphia, Aug. 20.—A. W. Wright, a Dallas (Tex.) newspaper man, has just ended a two weeks' search in this city in vain effort to find his son, W. H. Wright, an artist and illustrator, who has mysteriously disappeared. Young Wright, who is 23 years of age, was last heard of in this city on May 13, when he wrote to his father that he was in a hospital suffering from a broken wrist. Two letters mailed to him here were called for at the postoffice. Later mail was not called for, and his father has been unable to find any trace of him in the hospitals or elsewhere.

## DEATH ENDED THE SUFFERINGS OF MRS. SOOK

WIFE OF PROMINENT LOCAL  
PHYSICIAN PASSED AWAY  
MONDAY NIGHT.

Came to Newark Many Years Ago—  
Leaves Four Children and a  
Large Circle of Friends.

After an illness of several weeks of neuritis, Mrs. Lois A. Sook, wife of Dr. O. P. Sook, passed away at her home, 95 Hudson avenue, Monday evening at 9:30 o'clock. Mrs. Sook had been ill for a year and a half, but had only been confined to her bed for the past two weeks.

She was the daughter of Mr. and Mrs. George I. Abbott, and was born in Cohoes, N. Y., April 12, 1845. Her parents moved to Newark when she was eight years old. She has since made her home here. She was married to Dr. O. P. Sook, Dec. 29, 1865, and to them were born four children, Dr. J. Rollin Sook and Miss Gertrude Sook of this city, Mrs. Arthur Deane and Mrs. Wm. Sauters of Cleveland.

Two sisters, Miss Martha Abbott and Mrs. Lovina Howe of Newark, and one brother, Mr. George J. Abbott of Columbus, and six grandchildren survive her.

A kindly and loving character endeared her to a large circle of friends all of whom loved and esteemed her and who were pained to learn of her death.

The funeral will be held Wednesday afternoon from her late home in Hudson avenue at 3:30 o'clock. The Rev. L. P. Franklin of Trinity Episcopal church, will officiate. The interment will be made in Cedar Hill cemetery.

#### ALTON CASE

Attorney General Communicates With  
Federal Judge Landis.

Washington, Aug. 20.—At the close of the conference between the attorney general and District Attorney Sims of Chicago and attorneys for the Chicago & Alton railroad, relative to the question of immunity, claimed in behalf of the railroad, General Bonaparte said that there was no statement that he could make in regard to the matter until after he had made a further communication to Judge Landis. He expects to communicate with the judge without delay. Decision in the case will depend largely upon Judge Landis' reply to the attorney general. If the fact is established that Special Counsel Morrison promised immunity and the road carried out its agreement in good faith, it is said that the department of justice will order proceedings against the road abandoned.

#### Sheriff Shot.

Thomasville, Ga., Aug. 20.—Sheriff W. W. Tyus of Grady county was shot twice and probably fatally wounded, near Cairo, Ga., by Charles Williams, a negro, whom he sought to arrest. A posse with dogs is pursuing Williams.

#### Young Girl Assaulted.

Menominee, Wis., Aug. 20.—Rose Gallatin, the 13-year-old daughter of John Gallatin of this city, was criminally assaulted and nearly killed near this city. She was knocked down, several teeth knocked out, and was finally left in an unconscious condition in a grain field, near the highway. Her assailant used a bicycle in escaping at the approach of teams. Three suspects have been arrested. Feeling runs high in the city.

#### George Ade's New Play.

Chicago, Aug. 20.—"Artie," a dramatization of one of George Ade's "Fables in Slang," was given its first theatrical production at the Studebaker theater here, and witnessed the production, Lawrence Wheat, who impersonates Artie, a young man about town, and Miss Dora Stowe, who took the part of Mamie, were recalled a dozen times during the evening. The play, which is a comedy of the most laughable kind, consists of four acts.

## INVESTIGATION OF TELEGRAPH BY CONGRESS

NO INDICATION THAT STRIKE  
WILL BE SETTLED FOR FOUR  
MORE WEEKS.

### ARBITRATION IS IMPOSSIBLE

Service Said to Be Badly Stricken In  
New York—General Strike  
News.

Chicago, Aug. 20.—President S. Small of the telegraphers' union announces that Congressmen McDermott and Cary, both of whom are telegraphers, will present a resolution in the next congress asking that an investigation be made of the telegraph companies.

That the strike will last at least four weeks longer is the belief of not only the strikers, but the company officials. The latter are emphatic in the statement that no agreement will ever be made with the strikers. President Clowrey made one agreement through Commissioner of Labor Neill, they state, and as that was violated by the strike another will not be made. The strike officials believe that they have the companies so crippled that they will be forced to settle sooner or later. They admit, however, that the struggle will continue for some time.

Developments during the day comprised the calling out of leased wire operators in six brokerage houses and the issuing of a number of conflicting statements regarding the progress of the strike by the officials of the union and by those of the telegraph companies. Both sides claim to have the strike won. The telegraph companies, however, are certainly increasing the number of men at work, and both of them had on the board of trade a larger number of operators than at any time since the commencement of the strike. The union had announced that they would give them till 1 o'clock to sign the scale or strikes would be called. Six of the largest houses in the city refused to sign and their men were ordered out. In one of the offices, however, three of the men continued at work. Many of the messenger boys who struck on the day following the walkout of the operators have returned to work.

#### Situation in New York.

New York, Aug. 20.—There was no end of evidence that the wire service of both companies is badly crippled. Outside points appear to be in even worse shape, and the strike-breakers in New York often have no one to send to. Young women strikers went through the downtown business district distributing circulars which give the strikers' idea of the situation.

## COULDN'T DECIDE BETWEEN SUITORS SO SHE SUICIDED

Chicago, Aug. 20.—Miss Ella Cousins, a beautiful 18-year-old girl, is at St. Bernard hospital dying from a bullet wound below the heart. The girl spent the night in her bed room trying to decide between two suitors. Unable to make a choice, she determined to kill herself. Aroused by the pistol shot, her sister found the bleeding body on the floor and her nightgown stained with blood. Physicians say the girl cannot recover. Relatives declare she could not reject either suitor.

## HUSBAND AND WIFE ASK FOR DIVORCE AT THE SAME TIME

Cincinnati, Aug. 20.—Electa Frazer Hafer, who, under the name of Electa Rule, was well known upon the stage a few years ago, filed suit in the common pleas court Monday afternoon asking for an absolute divorce from Edward Hafer, son of Capitalist Geo. Hafer. A short time after the suit was filed Attorney Wilby appeared with a petition which he intended filing, asking for a divorce for Hafer. When informed that the wife had been on the ground earlier and had already entered suit for divorce Wilby expressed himself as deeply satisfied. He stated that the husband's petition had been made chiefly for the purpose of obtaining a divorce. Mrs. Hafer is the daughter of Dr. Frazer, an eminent St. Louis physician.

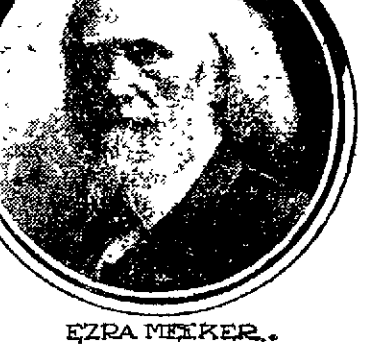

California supreme court rendered a decision sustaining the legality of the removal of Mayor Scamitz and the appointment of Mayor Taylor.

## EZRA MEEKER FINALLY REACHES NEW YORK

EZRA MEEKER AND HIS PRAIRIE SCHOONER.

Ezra Meeker, the white haired old pioneer who several months ago passed through Newark in a typical prairie schooner of the old days, drawn by a pair of oxen, en route from Polyp, Wash., to Oyster Bay, has reached his destination, and after seeing the president, will proceed to Washington. As far as possible, Mr. Meeker, who is a remarkably well preserved specimen of the Oregon pioneer of 1852, in crossing the continent, has traveled the old

EZRA MEEKER.

"Oregon trail," over which he made the trip in 1852.

Mr. Meeker thinks the old road

should be memorialized, and to that end he will see the president at Oyster Bay, after which he will continue his journey to Washington, where he will remain until the next session of congress and arouse interest in his plan for a national highway, to be known as the Pioneer Way, and to stretch from the Missouri to the Pacific along the line of the old Oregon trail, "a way," to use Mr. Meeker's own words, "that shall make traffic practicable by the trackless car, a road of cement that shall be thronged with the coming generations."

## SHELLS EXPLODED ONE MAN KILLED

New York, Aug. 20.—The accidental explosion of three 19-pound shells in the ordnance storehouse of Fort Totten at Willets Point, L. I., severely injured three artillerists, who were unloading shells. Wm. M. Lank, a private, is expected to die. Privates Sneuzer and Alpha were hurt, but less seriously. The cause of the explosion is unknown, but it is believed that one shell first exploded, setting off the others.

#### A DRUNKEN ROW.

Salt Run, Ohio, Aug. 20.—James Hart and John Shad are dying from bullet wounds received when they were engaged in a drunken battle with two others. All of the party were miners.

## COXEY'S "GENERAL" DEAD AT BRICE, MO.

St. Louis, Aug. 20.—Word has just been received here of the death of "General" Louis Cass Fry at Brice, Mo. He acquired the title of "General" Fry in 1894, when he led 3,800 men, comprising the Pacific coast division of Coxey's army, from San Francisco to Washington. He had been ill of dropsy for six months. A widow and daughter survive him.

## TWO WOMEN WERE BRUTALLY MURDERED

Caudeen, N. J., Aug. 20.—Mrs. Anna Horner, wife of Edwin Horner, a farmer, and Victoria Natali, were murdered early today at their farm, about four miles from here. Horner was awakened about 1 o'clock and found his barn on fire. With his hired man, he ran to the building to fight the flames. While so employed burglars entered the house and killed Mrs. Horner by striking her on the head with an axe. They also attacked Miss Natali, an employee. She was taken to Cooper hospital where she died. The burglars scooped \$4 in cash and two gold watches. A negro suspect has been captured.

#### PASSENGER TRAIN DITCHED.

St. Louis, Aug. 20.—Passenger train No. 8 on the Mountain line, en route to Alton, Ill., was derailed at Alton, and several persons are reported injured. The accident is said to have occurred last night, and to have been due to a broken rail. Details of the accident are being reported by telephone.

#### THREE FATALY INJURED.

New York, Aug. 20.—Three were fatally injured and fifteen seriously by an explosion in the Manhattan Dye Works at 1 o'clock this afternoon. The building caught fire and is still burning. Several of the employees jumped from the windows.

## PRES. ROOSEVELT AT CORNER STONE LAYING TODAY

HIS SHIP, "THE MAYFLOWER,"  
GUARDED BY TORPEDO BOATS  
NEAR CAPE COD.

Secret Service Men Guard President  
To Avoid Trouble—Pilgrims'  
Monument Started.

Provincetown, Aug. 20.—Salutes from the battleships anchored near Cape Cod this morning, announced the arrival of the Mayflower, bringing President Roosevelt to the opening of the biggest day in Provincetown's history. Guided by her two torpedo boat destroyers, the President's yacht was moved within the line of battleships, and immediately the town and harbor awoke to the day's celebration.

With the President were Mrs. Roosevelt, Miss Ethel and Quentin Roosevelt, and Assistant Secretary Latta. After the Mayflower arrived, there was a lull of two and a half hours, during which thousands of sight-seers sought for places along the line of parade from the wharf to Town Hall, where all was prepared for the laying of the corner-stone of the Pilgrims monument, which will remain the passing ships that the original Mayflower landed within gunshot of the place.

When Chief McHugh of the secret service, arrived here today, he told the committee in charge of the Pilgrims monument celebration that one feature of their plans would have to be canceled. President Roosevelt and party must leave on the Mayflower soon after 1 o'clock and for that reason the parade of United States battleships must be abandoned.

Although there is no hint of any unusual danger, every precaution has been taken to guard the President during his brief stay. For several days two secret service men have been examining every house which the President must pass on his way to and from the morning exercises. While the President and his party did not come ashore until nearly 11 o'clock, the Mayflower arrived early this morning and was an object of curiosity where she lay at anchor guarded by her escort of destroyers and battleships.

## 125 DEAD IN MINE DISASTER TODAY

Bellevue, Aug. 20.—Word has been received here of a mine disaster at Ping Pong, which resulted in the death of 125 men and two German engineers. The disaster was caused by an explosion.

George Hoey, a veteran actor, died after a short illness. He was well known to the audience, having played with Booth, Barrett, Jefferson and others.

## TAFT DECLARES HIS PRINCIPLES AT COLUMBUS, O.

WAR SECRETARY DISCUSSES THE  
NATIONAL ISSUES AT  
STATE CAPITAL.

### RAILROADS, TRUSTS, TARIFF

Presidential Candidate Pays Tribute  
to Roosevelt and Favors Revision  
After Election.

Columbus, O., Aug. 20.—More than 5,000 people assembled in Memorial hall Monday night to hear Secretary of War Wm. H. Taft. The secretary spoke under the auspices of the Buckeye Republican club, and the address was notable from the fact that it is regarded as the platform upon which he will make his campaign for the Republican nomination for president. Mr. Taft made no formal announcement of his candidacy, but he was introduced by Governor Harris as the next president of the United States, which was the signal for a prolonged outburst of applause. Interest was manifested in Secretary Taft's utterances on the tariff. He reiterated his previous declarations in favor of revision, and declared that it would be both unwise and unsafe for the Republican party to fail to pledge itself to revise the Dingley law as soon as possible. Mr. Taft also declared in favor of imprisonment of individuals responsible for violations of the anti-trust law and for the giving of acceptance of rebates as more effective than fines. Secretary Taft arrived in Columbus early in the morning and met and conferred with Governor Harris and A. I. Vorys, manager of his presidential campaign. Business houses were decorated in his honor and everywhere he was received with enthusiastic demonstrations. In the afternoon he held a reception at the Chittenden hotel. He left for Cincinnati this morning. The secretary will leave Cincinnati this evening for Elmdorf farm, J. H. Fagan's estate, where he will spend the night as the guest of the manager of the estate, C. H. Berryman. There he may meet some of the influential Republicans of Kentucky. Thursday, he will speak in the afternoon at Lexington. He will be at the Planters' hotel, St. Louis, for eight or ten hours Aug. 23, and meet Missouri Republican leaders. On Aug. 24 he will be in Oklahoma City, where a big demonstration in his honor is planned. In beginning his speech Secretary Taft pointed out that there has been a quickening of the public conscience in the midst of the general prosperity of the country that demands a remedy for many abuses in industrial and political affairs. He then took up the railroad question, describing the abuses of rate discriminations and the failure of the old interstate commerce law to afford adequate remedy for these abuses. This made necessary the new rate bill, he said, and he proceeded then to tell what the new rate law does, and to describe the opposition to its enactment. Outraged public opinion carried the bill, however, and the opposition was able to muster only seven negative votes in the house and three in the senate. Continuing, Secretary Taft said:

"The opponents of the measure continue to denounce it, but now instead of pointing out its disastrous effect, they say it is a failure and that in the year since its passage, it has not helped a single shipper. They insist that the only effective and an all-sufficient law to regulate railways is the Elkins act, passed in 1903, and that this is shown by the fact that all the prosecutions in which convictions have been had against railway companies and favored shippers in the last two years, have been under the Elkins act, and not under the rate bill. Let us look into the facts in regard to this allegation. The chief prosecutions which have been instituted have been criminal indictments against the sugar trust and the Standard Oil company, and certain railways and their agents and officers for taking and giving secret money rebates. They could not have been brought under the rate bill, because the acts prosecuted were committed before the passage of the rate bill.

"It is true that these prosecutions were instituted under the Elkins act, but it is also true that had the Elkins bill never been passed, the same acts could and doubtless would have been prosecuted as giving and receiving unjust discriminations against the persons committing them under the amendment to the interstate commerce act of 1889 which the Elkins law supplanted. The Elkins law was really an amendment to the interstate commerce act, enlarging and making more effective the procedure for prosecuting violations of the prohibitions of that law and describing them in more comprehensive form. It gave greater latitude in respect of the district where the offense would be prosecuted and

## SUSPECTED TRAMP MADE CONFESSION

Told Horrible Story of His State of  
Pennsylvania.

Meadville, Pa., Aug. 20.—Cringing, and quaking in momentary expectation of being torn from the hands of Deputy Sheriff McMillan by the crowd which had formed a paucity from the jail to Magistrate Powers' office, Henry W. Wagner, 27, the assailant of Miss Alma Whitehead, improved the first opportunity to plead guilty, anxious to get back to the security of the jail. The expressions Wagner heard as he passed to and from the prison indicated the temper of the crowd, and it would have taken little to precipitate a lynching. Wagner will probably attempt no defense when he comes to trial at the September quarter session. He has already made a complete confession to Sheriff Marshall in addition to pleading guilty before the committing magistrate.

#### HOUSE COLLAPSED.

Bellevue, Pa., Aug. 20.—Eighteen persons are believed to have been killed by the collapsing of a house on 2nd and 3rd streets. They were on the eighth story of the building when it caved in. Three of the bodies have been recovered.

Schooner Fleetwood, owned by Captain Clark Tyler of Belleville, Ont., is believed to have gone down in Lake Ontario with the crew.

(Continued on page 2.)

## TAFT DECLARES HIS PRINCIPLES

(Continued from page 1.)

It made the company necessarily responsible in a fine for the act of its agents, without other proof of direct complicity than the agency. Under the 1889 amendment, however, the individuals convicted could have been sent to the penitentiary whereas under the Elkins act, the punishment by imprisonment was taken away while the fine was increased. The chief effect the Elkins law had on these particular prosecutions which have been given so much prominence, was to make it easier to convict the corporation and to increase its fine, but to save the guilty individual perpetrators from imprisonment.

### Railroads Favored Elkins Bill.

"It is well understood that the Elkins bill was passed without opposition by, and with the full consent of, the railroads and that the chief reason for this was the elimination of the penitentiary penalty for unjust discriminations. The abolition of imprisonment, as a possible penalty, was unfortunate. Experience has shown that a mere fine is generally not enough to deter a corporation from violation of the law because it then becomes a matter of mere business speculation. The imprisonment of two or three prominent officers of a railway company, or a trust, engaged in giving or receiving secret rebates, would have a greater deterrent effect for the future than millions in a fine.

"In the rate bill, congress amended the Elkins bill and restored imprisonment as part of the punishment for secret rebates. Had the rebating and dishonest practices of the railroad companies and the trusts been as clearly known to congress and the public when the Elkins bill was considered as they were when the rate bill was passed, the Elkins bill would not have passed so smoothly.

"I do not wish to decry the merits of the Elkins bill because, aside from its elimination of imprisonment as punishment, it is a most useful measure, but its scope is so narrow in respect of the regulation of railways that it cannot be compared in importance of operation and effect to the rate bill. The increase by the rate bill in the powers of the commission in supervision, investigation, ratifying and effective order-making to prevent discrimination is great. Elaborate machinery for making it difficult to violate the law without discovery and for discovering violations when they exist, and for affording affirmative and mandatory relief in requiring railroads to furnish equal facilities to all, is found in the provisions of the new rate bill. Criminal prosecutions will continue to be under the Elkins law, but as amended by the new rate bill. This is because the Elkins law, as amended, contains the part of the interstate commerce legislation which prescribes the punishment for violations of the law and so, in ordinary practice, comes into operation after the violations have been discovered under the other provisions of the rate bill.

"The rate law does not go far enough. The practice under it has already disclosed the necessity for new amendments and will doubtless suggest more. Such is the true method—of empirical and tentative method—of securing proper remedies for a new evil. The classification of merchandise for transportation is a most important matter in rate fixing, for by a transfer from one class to another, the rate is changed and may work injustice. With the power of rate fixing, it would seem, should go the power in the commission to classify and to prescribe rules for uniform classification by all railroads.

"Recent revelations have emphasized the pernicious effect of the so-called over-capitalization of railroads which aids unscrupulous stock manipulators in disposing of railway securities at unreasonably high prices to innocent buyers. This evil would not of itself justify federal restraint or control, because such stock and bonds are usually issued under state charters. The practice, however, has a tendency to divert the money paid by the public for the stocks and bonds which ought to be expended in improving the roadbed, track and equipment of railways into the pockets of the dishonest manipulators, and thus to pile upon an unprofitable debt upon a railway as to make bankruptcy and a receiver's practice probable in the first business stringency. This result in an interstate railway necessarily interferes with, and burdens, interstate commerce, and justifies the exercise of the regulative power of congress to stop the practice. A railroad company engaged in interstate commerce should not be permitted, therefore, to issue stock or bonds and put them on sale in the market except after a certificate by interstate commerce commission that the securities are issued with the approval of the commission for a legitimate railroad purpose. The railroads that are honestly conducted would accept the certificate of the commission as a valuable one in the markets of the world, and only railway stock manipulators who look to the floating of watered securities as their best source of profit would have reason to complain.

"A much used means of eliminating competition among interstate lines serving the same territory is the acquisition by one company of the stock in another and the election of directors to represent that stock. This process is facilitated by the uncontrolled power to issue securities beyond the needs of the company for its legitimate business and would be curbed by the restriction proposed. The evil

ought further to be directly restrained by making it unlawful for an interstate railway to acquire stock in a competing line. This is a simpler remedy of meeting the evil than by recourse to the anti-trust law under the Northern Securities case. In addition to this, competing lines should be prohibited from having common directors or officers.

**Proposed Amendments Constitutional.**  
"These suggestions of additional legislation in respect to the supervision and control of interstate railways have been made by the interstate commerce commission and I heartily concur in them. They are plainly within the federal jurisdiction under the interstate commerce clause. I do not think that in order to accomplish a good which the federal government with its greater resources and wider geographical reach can bring about more quickly and efficiently, the constitutional limits upon federal action should be blurred out or an undoubted federal power should be expanded by doubtful construction into a field which really belongs to the state. But the right of congress to take any action, not confiscatory, in the most rigid control of interstate commerce can not be denied.

### Objections to Government Ownership.

"I am opposed to government ownership—  
"First, because existing government railways are not managed with either the efficiency or economy of privately managed roads and the rates charged are not as low and therefore not as beneficial to the public;

"Second, because it would involve an expenditure of certainly twelve billion of dollars to acquire the interstate railways and the creation of an enormous national debt.

"Third, because if would place in the hands of a reckless executive a power of control over business and politics that the imagination can hardly conceive, and would expose our popular institutions to danger."

Secretary Taft declared that this program of railway regulation is not inconsistent with individualism and he also said that he would favor railway rate agreements if submitted to and approved by the interstate commerce commission. As to the suggestion that the commission should be empowered to make a valuation of the physical property of all the railroads, Mr. Taft said that the commission already had sufficient power to do that. "I do not object to valuation," he said, "if thought relevant to any issue, but I merely reiterate the assumption that it is to be the chief means of a great reform in rates."

Continuing, Secretary Taft pointed out that the frightful loss of life and limb among railway employees called for stringent regulations and he expressed his approval of the new employers' liability law.

### The Trusts.

Taking up the question of the trusts, Secretary Taft explained the present anti-trust law, and gave his views regarding unlawful monopoly. He declared that the mere aggregation of all plants in a given line of industry in one ownership does not necessarily suppress competition, but he pointed out the illegal devices employed by some great corporations, and said: "I am inclined to the opinion that the time is near at hand for an amendment of the anti-trust law defining in more detail the evils against which it is aimed, making clearer the distinction between lawful agreements reasonably restraining trade and those which are pernicious in their effect, and particularly denouncing the various devices for monopolizing trade which prosecutions and investigations have shown to be used in actual practice. The decisions of the courts and the experience of executive and prosecuting officers make the framing of such a statute possible. It will have the good effect of making much clearer to those business men who would obey the laws the methods to be avoided."

"Another and perhaps the most effective method in the past for an unlawful trust to maintain itself has been to secure secret rebates or other unlawful advantage in transportation, by threat of withholding business from the carrier. This is undoubtedly what has enabled the Standard Oil company and the sugar trust and other great combinations, to reap an illegal harvest and to drive all competitors from the field. If by asserting complete federal control over the interstate railways of the country, we can suppress secret rebates and discriminations of other kinds, we shall have gone a long way in the suppression of the unlawful trusts."

"Touching upon the evils of swollen fortunes, Secretary Taft said that the captains of legitimate industry are entitled to large rewards, and it is impossible to fix a limit upon the amount which they may accumulate. However, he advocated legislation having a tendency to divide great fortunes and to discourage their accumulation, and pointed out that perhaps the best remedy is to be found in state legislation. He said: "I do not favor federal legislation now to reduce such fortunes either by a constitutional amendment to permit an income tax or by a graduated inheritance tax, but whenever the government revenues need an increase or readjustment, I should strongly favor the imposition of a graduated inheritance tax and, if necessary for the revenues, a change in the constitution authorizing a federal income tax, with all the incidental influence of both measures to lessen the motive for accumulation."

"The suppression of monopolies and the abolition of secret rebates and discriminating privileges by the railroads will lessen the possibility of such enormous accumulations as those which have already taken place. The evils of too great concentration of

money or of any kind of property in a few hands are to be best remedied by the gradual effect of a long course of legislation and not by measures having an immediate and radical effect that are apt to involve injurious consequences to the general business community."

Secretary Taft declared distinctly his adherence to the distinctive policies of the Roosevelt administration when he said:

"I have thus reviewed at great length what have properly come to be known as President Roosevelt's policies and have discussed them with what I hope you will think is entire candor. I have attempted to point out one or two instances in which I would qualify details of future policies which he has sketched, but with these minor exceptions as to method, I am glad to express my complete, thorough and sincere sympathy with, and admiration for, the great conserving and conservative movement which he has with wonderful success initiated and carried so far against bitter opposition, to remedy the evils of our prosperity and preserve to us the institutions we have inherited from our fathers."

The criticism that the Roosevelt policies are Socialistic is absurd, said Secretary Taft. On the contrary, the policies were framed to defeat Socialism. Mr. Taft also pointed out that the railroads—not President Roosevelt—were responsible for restrictive legislation, and that the slump in Wall street prices was in no wise due to the President's policy.

Secretary Taft spoke at length on the tariff. He declared it to be the Republican party's duty to see that the tariff on imported articles does not exceed substantially the reasonable permanent differential between the cost of production in foreign countries and in the United States. Where large reductions have been made in the cost of domestic production, it is time that the tariff schedules be re-examined and, if excessive, reduced.

He declared that, where the tariff imposed exceeds the differential, as there is the strongest reason to believe it does in many industries, monopoly is fostered and people are denied the benefits of competition.

He sees nothing in the prosperity argument against early revision and believes it would not only be unwise but unsafe for the Republican party to fail to pledge itself to revise the Dingley law as soon after the next conclusion he paid a tribute to the conclusion he paid a tribute to the President.

### Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncepher, of Grovetown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs is guaranteed by F. D. Hall, druggist 50c. and \$1.00. Trial bottle free.

### IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles—A Newark Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back, they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Newark people testify to permanent cures.

Charles W. Cooper, employed at George Hermann's clothing store and living at 223 Hoover street, Newark, Ohio, says:

"Backache distressed me continually for a long time. There was a dull aching in the loins and my back was very weak. Besides this I had trouble with the kidney secretions which were irregular and disturbed my sleep at night. I was usually just as tired in the morning as when I went to bed. Nothing I could get seemed to help any until I began using Doan's Kidney Pills, procured at Crayton's drug store. I had heard a great deal about the wonderful action of this remedy on the kidneys and bladder, but I was greatly surprised by the quick effect in my case. I improved rapidly under the treatment until the pain in the back ceased and the action of the kidneys became natural. A few boxes made a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## UNFAIR LIST AND BOYCOTT

Action Instituted to Enjoin the Federation of Labor.

### BIG UNION LEADERS NAMED

Test Case, in Which Diverse Allegations Are Made in the Petition Filed by the President of the National Association of Manufacturers—Gompers, Mitchell and Others Mentioned.

Washington, Aug. 20—James Van Cleave, president of the National Association of Manufacturers, has commenced an action in the supreme court of the District of Columbia, in which he seeks to enjoin Samuel Gompers, John Mitchell and other officers of the American Federation of Labor and several of its subsidiary organizations from using the boycott and so-called "unfair list." Mr. Van Cleave institutes the suit in his individual capacity as head of a large manufacturing company in St. Louis, whose productions are alleged to have been declared unfair by the labor unions, but the significance of the action lies in its being a test case wherein Van Cleave, as head of the manufacturers' association, seeks to permanently enjoin or organize labor from using the "unfair" or "we don't patronize" lists in its fight against firms and individuals.

The complainant is the Buck Stove and Range company of St. Louis. The plaintiff asks that the defendants be enjoined on nine special points, first alleging a conspiracy unlawfully to injure its business. These points are as follows: From in any manner carrying on a conspiracy to restrain and destroy the business of the plaintiffs; from agreeing or combining to interfere in any manner with the business of the plaintiff, or any other person, firm or corporation; from boycotting or to boycott or threatening to boycott the plaintiff or the plaintiff's business, or attempting to interfere with the regular operation or shipment, sale, or trade in its goods or from aiding or abetting such boycott; from printing any copy of the "American Federationists," which is the organ of the American Federation of Labor, which contains the name of the plaintiff corporation under its "we don't patronize" or "unfair list," or which contains any statement that the plaintiff is or has been unfair; from publishing or circulating in any way, in pursuance of the alleged conspiracy, in writing or orally any statement to injury of the product of the plaintiff or dealers or the public that the plaintiff's factory has been boycotted, and that its goods should not be dealt in, or for the purpose of forcing any dealer or person not to purchase the plaintiff's product, and from threatening or intimidating the customers of the plaintiff or from doing any act in aid of the conspiracy or combination alleged.

Springfield, Ill., Aug. 20—A requisition was issued by Governor Deneen on the governor of Tennessee for the return of James Robins, alias J. B. Robins, who is in the county jail of Loudoun county, Tenn., and who is wanted in Franklin county on the charge of murdering Joseph Lee Oct. 7, 1906.

### TAXATION.

State and Local, the Subject of a National Conference.

Columbus, O., Aug. 20—Under the auspices of the National Tax association, a national conference will be held in this city Nov. 12, 1907, for the consideration of the subject of state and local taxation. The president of the association, Allen R. Foote, has invited all auditors or controllers of state; all members of the state tax commissions, boards of equalization and state tax commissioners; the president and professor of economics and public finance of all universities, and a large number of persons prominent in public and business affairs throughout the country, to attend and participate in the deliberations of the conference. Governor Harris has requested the governors of the diverse states of the Union to appoint three commissioners to represent their respective states at this conference.

The purposes of the conference are: To secure an authoritative and an exhaustive discussion of the subject of state and local taxation in all of its details; to produce a volume of proceedings containing the best thought of those who, by reason of their special educational training and practical experience, are qualified to speak with authority upon the specific branch of the subject they may elect to discuss; to furnish to the members of the legislatures of the several states a concrete, up-to-date statement of the economic and business principles that should be applied in state and local tax legislation, to be used as a guide for their action when considering proposals to improve the tax laws of their respective states and in the administration of the same; to secure the application of correct economic and business principles in all tax laws of the several states; and by securing uniformity in tax laws, to eliminate the evil of changes in legal residence and in the location of business undertakings induced by differences in state tax laws, and to create conditions of high value in aid of the effective and economical management of the financial affairs of all state and local governments.

## COURT HOUSE NEWS

### Motion Filed.

A motion, affidavit and brief has been filed in the common pleas court in the case of Frank McFadden vs. Peter Barber, administrator. The plaintiff asks that a judgment heretofore rendered by the court be set aside because of the failure of the defendant to keep an agreement as to the payment of a certain claim and because of fraud and misrepresentation on the part of the defendant. Smythe & Smythe and Kibler & Montgomery, attorneys for plaintiff.

### Answer Filed.

In the case of Peter Barber against Frank McFadden, the defendant, Robert McFadden, by Kibler & Montgomery, his attorneys, has filed his answer, in which he sets up an assignment of a judgment and asks that the sum of \$400 be paid him.

### Adjudged Insane.

An inquest of lunacy was held on Mrs. Louisa Davidson, aged seventy-six years, by the probate court Tuesday afternoon. Mrs. Davidson has been living with her daughter, Mrs. Anna Marsh, at her home on North Fourth street, and she had been treated at the State hospital two years ago. She has a variety of insane delusions and is very violent and dangerous. Dr. C. A. Hatch was the attending physician. The woman was adjudged insane and was taken over to the State hospital Tuesday afternoon.

### In Juvenile Court.

Henry W. Kent filed an affidavit in the juvenile court Tuesday, charging Bertal Bourst, a 12 year old boy with being a delinquent in that he stoned him and his wife and children and conducted himself improperly. The hearing is now on before the juvenile court.

(Francis Joseph I)

Emperor Francis Joseph I of Austria and King of Hungary, was born on August 18, 1830. He ascended the throne on December 2, 1848, and married the Duchess Elisabeth of Bavaria on April 24, 1854, who was assassinated at Geneva, Switzerland, in September, 1898. The emperor is most beloved by all the various races and kingdoms which come under his sway, and is universally considered to possess unusual talent for government and a most amiable disposition. His heir is the Archduke Franz-Ferdinand. He is granted, approximately, \$10,000,000 annually, half of which comes from the revenue of Austria and the remainder from Hungary.

**RAIL TROUBLES OF INTERURBAN IN THE CAPITAL CITY**

Before the first meeting of the council following its summer vacation, which will be Monday night, a conference will be held between the directors of public service, city engineers and City Engineer George S. Marshall as to the best course of action on the refusal of the Indiana, Columbus and Eastern Traction Co. to lay grooved rails in the Mound and McDowell street improvements.

The engineers have been obtaining prices on material and rails so that in the event the conference results in a decision to do the work and charge the cost to the company, the city will be prepared to proceed at once.—State Journal.

## NOTICE OF THE TIME AND MODE

Of Holding the Democratic Primary  
Elections of Licking County  
For the Year 1907.

Notice is hereby given by the Dem-  
ocratic Central Committee of Lick-  
ing county, Ohio, that in convention  
assembled on the 20th day of July,  
1907, it was resolved:

That the primary election of the  
Democratic party be held under the  
enactment of the Legislature known  
as the Bronson Law, on the 7th day  
of September, 1907, for the purpose  
of nominating township officers for  
the various townships of Licking  
county, and municipal officers for the  
city of Newark.

Also for the purpose of nominating  
a candidate for Representative of  
Licking county, Ohio.

And that all persons who are resi-  
dent electors of the precinct, ward or  
township in which he desires to vote  
and voted with the political party  
holding such primary at the last gen-  
eral election unless he be a first voter  
who shall become of age on the day  
following the next general election,  
shall be entitled to vote at said pri-  
mary election.

And the Board of Deputy State  
Supervisors of elections is hereby re-  
quested to make such provision as  
shall be reasonable for the transfer  
upon the registration books and the  
registration of all persons who may  
qualify themselves to vote at the  
next general election to be held after  
such primary election.

The polls shall be open from the  
hours of 6:30 a. m. to 6:30 p. m. on  
said day, standard time.

ROBERT W. HOWARD,  
Chairman.

O. C. LARASON, Secretary.

The law requires that three notices  
be posted in each precinct at least ten  
days before the primary election is  
held, which duty must be attended to  
by the Central Committee. Printed  
notices for this purpose will be  
sent out to the Committeemen by the  
County Chairman.

All names of candidates to be  
printed on the primary election tick-  
ets must be filed with the Chairman  
of the Central Committee not later  
than August 27.

**DR. SMITH'S BLOOD  
HOUNDS WORKED ON  
A THIEF'S TRAIL**

With a pair of bloodhounds from  
the kennel of Dr. Smith of Newark,  
officers from Baltimore, Fairfield  
county, last night tracked a horse  
thief from that place into Columbus.  
Because of the great amount of travel  
the scent was lost by the dogs just  
before they reached the city. It is  
thought the man was in hiding in Co-  
lumbus, but no trace of him could be  
found.

Dr. Smith was with the dogs, which  
were two of his bench winners. He  
is not in the business of trailing  
criminals, but consented to his dogs  
being used on this case. The horse  
was stolen near Baltimore Saturday  
night.

## CHANGES MADE IN LINE OF MARCH FOR LABOR DAY

MEETING OF LABOR DAY COM-  
MITTEE HELD MONDAY NIGHT  
TO ARRANGE DETAILS.

Dennis Hayes to Deliver the Address  
of the Day—Program on the  
Public Square.

At a meeting of the Labor Day  
Committee the work of mapping out  
the program of exercises was com-  
pleted and it promises to be one of  
the best and most interesting ever  
held on a previous Labor Day. It  
has been arranged to hold all the ex-  
ercises on the public square, a pro-  
gram of which will be published in a  
day or two. In the formation of the  
parade a few slight changes have  
been made, otherwise it stands as or-  
iginally planned. The big parade will  
take place at 9 o'clock and will em-  
brace over 7000 organized men in  
line. The parade will be headed by  
the Buckeye Band, with Bob Dold as  
leader. Each of the other three divi-  
sions will be headed by a fine band.

After the disbanding of the parade  
the assemblage will come together in  
the court house yard, where the  
speaking will be had, and where the  
principal address of the day will be  
made by President Dennis Hayes of  
the Glass Blowers' association.

At the conclusion of the speaking  
an adjournment will be taken until 2  
o'clock when the amusements will be-  
gin. Mr. C. F. Walton will have  
charge of this feature of the day's  
exercises, which will consist of  
sports of all kinds. The day's fun  
will conclude with a brilliant pyro-  
technic display on the public square.

Everybody should work for Labor  
Day in Newark from now until Sep-  
tember 2. The formation of the pa-

Severe Thunder Storm.  
St. Paul, Aug. 20.—A terrific wind  
and thunderstorm has done great dam-  
age in Minnesota and Wisconsin. It  
lowered telephone and telegraph wires  
in all direction to such an extent that  
only a guess can be made at the extent  
and severity of the storm. From the  
meager reports that have come in  
over the wires which remained up, and  
by mail from nearby towns, it is feared  
that the damage will be extensive and  
run to the thousands of dollars. In  
St. Paul and Minneapolis lightning  
struck in several places and several  
persons were stunned. In Duluth,  
Anna Bolander, a woman, was killed.

Philadelphia, Aug. 20. The six-story  
building of A. Schoenhub company, toy  
manufacturers, in the northeastern  
section of the city, was damaged by  
fire to the extent of \$50,000. About 400  
employees were at work when the fire  
was discovered, and all escaped with  
out injury.

Board of Elections Fix New Bound-  
aries in the Fourth  
Ward.

At a meeting of the Deputy State  
Supervisors of Election, a square in  
the Fourth ward bounded on the north  
by Hoover street, on the east by  
Fourth street, on the south by Chest-  
nut street, and on the west by North  
Fifth street, has been detached from  
Precinct A of the Fourth ward, and  
added to Precinct B, of the Fourth  
ward. All voters in that square will  
vote at Dickmeis' shoe shop on Gran-  
ville street, instead of at Dick Dold's.

The bid of the Advocate Printing  
company for printing the ballots for  
the Democratic primary election and  
the special election for the water  
works was approved by the board and  
the contract was awarded to the Ad-  
vocate Printing company.

The board will meet Monday to  
name the registrars.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot  
reach the diseased portion of the ear.  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed  
condition of the mucous linings of the Eu-  
stachian Tube. When this tube is in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed, Deafness is the result, and  
unless the inflammation can be taken  
out and this tube restored to its normal  
condition, hearing will be destroyed for-  
ever, nine cases out of ten are caused  
by Catarrh, which is nothing but an in-  
flamed condition of the mucous surfaces.  
We will give One Hundred Dollars for  
any case of Deafness (caused by catarrh)  
that cannot be cured by Hall's Catarrh  
Cure. Send for circulars, free.

Baseball Guests.

Another big house saw "The Man-

ning, and many that saw the play  
since it has been on at the Park the-  
atre will attend tonight, when both  
the Akron and Newark baseball  
teams will be present. The show  
ran a great deal more smoothly than  
it did Sunday night, and with a  
change of specialties will prove in-  
teresting to those that saw it then.

One of the heaviest bills the com-  
pany has in its repertoire will be  
played Wednesday night, when "The

The members of the company are  
well up in their parts and the show  
will run smoothly without a doubt.

Truth Explodes M. O. Fallacies.

There is a curious analogy between  
certain chemical and economic experi-  
ments. If, for instance, equal volumes  
of hydrogen and chlorine are put into  
a glass receptacle, they will remain a  
quiet mixture of gases so long as they  
are kept in the dark, but as soon as  
they are brought into a bright light  
they explode with violence. Similarly  
the truth and falsehood that are usu-  
ally mixed in about equal proportions in  
the reports of municipal plants remain  
quiet as long as the report is kept in  
the dark, but as soon as the light of  
investigation is turned upon it—well,  
there isn't much left of the report.

New Light in Seattle.

Municipal ownership theories and  
socialistic doctrines are having their  
effect on Seattle's finances. Whereas  
two years ago Seattle securities were  
the quickest to be found in the west  
and the most sought, today eastern  
financiers seem to have been complet-  
ely scared out.—Seattle Times.

## GREAT LIST OF ATTRACTIONS FOR AUDITORIUM

SEASON OPENS ON LABOR DAY  
WITH STOCK COMPANY  
IN REPERTOIRE.

John Vogel's Minstrels Play the Same  
Week, and Then Comes the  
Season's Treat.

Manager Ernest T. Johnson of the  
Auditorium theatre, has booked a  
list of attractions for the winter equal  
to the bookings of the big houses of  
cities many times the size of Newark.  
The list of attractions is not yet com-  
plete, but it is given below as it  
stands today.

The Auditorium proper has been  
cleaned and made ready for the op-  
ening, Labor Day, and the stage has  
been equipped in a very complete  
manner with drops, borders, flats,  
wings, tormentors, fancies and in fact  
all the latest and best scenery. New  
electric lights have been installed, the  
dressing rooms given a thorough  
cleaning, and when the house opens  
Labor Day with the Himelien Impe-  
rial Dramatic Company, everything in  
front and behind the curtain will be  
in the best of shape for a long and,  
no doubt, a highly successful sea-  
son.

John W. Vogel's minstrels will play  
at the house Sept. 5, and from then  
on the shows will follow rapidly.  
The other attractions booked for the  
season are: Mrs. Fiske, De Wolfe  
Hopper, Blanche Walsh in "The  
Straight Road," The Jeffersons in  
"The Rivals," Francis MacMillan, vi-  
olinist; Herbert Kelsey and Edie  
Shannon; McIntire and Heath in the  
"Ham Tree;" George Sydney in "The  
Mazuma Man;" Creston Clarke, Paul  
Gilmore, Adelaide Thurston, William  
Owens, David Sully, Florence Gear in  
"The Vassar Girl," a musical comedy;  
Jimmie Powers in "The Blue Moon;"  
Montgomery and Stone in the "Red  
Mill;" "The Gingerbread Man;" Al  
Wilson, Nixon and Zimmerman's big-  
gest hit, "The Mayor of Laughland;"  
"We Are King," William McCurdy,  
in "The Old Clothes Man;" Belasco's  
greatest play, "The Darling of the  
Gods;" "Sweet Kitty Bellairs;" "Leah  
Kleschna;" "Brewster's Millions,"  
William Mong in "The Light in the  
Window;" "The Man of the Hour,"  
Jess Fulton in the "Sweetest Girl in  
Dixie;" W. A. Whitacre and "Peggy  
from Paris."

The list, when the booking is com-  
pleted, will not be equalled by any  
theatre many times the size of New-  
ark, and later the complete list will  
be announced.

VOGEL'S MINSTRELS.

John W. Vogel's Big City Min-  
strels which comes to the Auditori-  
um Thursday, Sept. 5, will doubtless  
prove a strong drawing card. The  
company is a large one and well bal-  
anced, contains a host of clever up to  
date comedians and vocalists and an  
alto of specially selected vaudeville  
acts. An unusually big business is  
looked forward to by the manage-  
ment.

## CALLED MEETING OF HISTORICAL SOCIETY

The Licking County Historical and Antiquarian Society was organized on May 10, 1867. The officers were: President, Hon. William Stanberry; vice presidents, Dr. J. N. Wilson, Thomas J. Anderson, Daniel Porry and William Veach, the latter being the only one of the original officers now living. He is in the 95th year of his age. The society was reorganized May 27, 1905, with the following officers: President, Joseph M. Scott, of Granville; vice presidents, E. F. Appy of Newark, Levi Knowlton of Utica, Judge E. M. P. Brister of Newark; chaplain, Charles W. Wallace of Newark, deceased May 14, 1907; historian, M. L. Wilson, Newark; secretary and librarian, Captain James H. Smith, of Newark; execu-

tive committee, William E. Evans, Dr. W. H. Forry, of Newark, and Captain Joseph Atkinson of Pata-kala. A general meeting has been called for August 29, 1907, at Etta, O. Eminent speakers from Cincinnati and other places will be there. A cordial invitation is extended to all to be present and enjoy a day with the old pioneers.

## PRETTY COUNTRY WEDDING FOR MISS MOORE.

Greenwich, Conn., Aug. 20.—The wedding of Miss Mary Elsie Moore, daughter of Mr. and Mrs. Charles A. Moore, to Don Marino Terlonia, Duke of Poll, Duke of Guadagnola, Duke of Civitella-Cessi, took place at the country estate of the bride's parents, Belle Orchard, in Belle Ha-

ven, Greenwich, Conn. Because of the recent death of Mr. Moore's mother, only relatives and a few intimate friends of the family were present. Altogether, including those sent to the relatives and friends of Don Marino in Italy, less than 200 invitations were issued.

The ceremony was performed according to the rights of the Roman Catholic church in the spacious living room of the house before an improvised altar. The steps and the altar were covered with white satin and rare old lace which has been in the Moore family for many generations.

## FATHER KILLS HIS OWN CHILD WITH REVOLVER

PULLED TRIGGER OF GUN, NOT  
LOOKING WHERE BULLET  
WOULD GO.

Dayton Double Murder Still a Mystery—Buckeye News Told in Brief Telegrams.

Zanesville, Aug. 20.—At Cumberland, Guernsey county, yesterday afternoon, Ode Heskett accidentally shot and instantly killed his 16-month-old daughter, Heskett, whose home is at Ada, has been at Cumberland for two weeks, called there by the death of his father. Yesterday afternoon, while talking with his wife and mother, he picked up a revolver that was lying on a stand and without looking to see if it was loaded or in which direction it was pointed, pulled the trigger. The bullet pierced the body of his child, just outside the doorway, penetrating both lungs and killing her instantly.

Both the father and mother are frantic over the tragedy, and the condition of the latter is considered grave.

**Inquest Postponed.**  
Dayton, O., Aug. 20.—Following the examination of the brother and sister of the murdered girl, Coroner Schuster indefinitely postponed the inquest in the Cohan-Markowitz cases. When the investigation will be resumed has not been announced. None but the coroner and his stenographer heard the testimony of the three members of the Markowitz family. The officials declared, however, that the stories of the three witnesses were the same as those told when they secured their release from custody.

**Demand Men's Reinstatement.**  
Wellston, O., Aug. 20.—There is trouble between the line and shale men and the management of the Alma Cement company, Oregon, O. Because a fellow workman was not reinstated the men have walked out pending an adjustment of their differences. E. D. Wickes, general superintendent, when asked concerning the trouble said: "I dismissed a man for wife-beating, and the men are clamoring for his reinstatement."

**Man and Horse Cremated.**  
Massillon, O., Aug. 20.—Lawrence Lyne, 22, a hogger, and 62 horses were burned to death in a fire that destroyed William Bantz's livery stable. Two adjoining dwellings also were burned. The total money loss is estimated at \$100,000. Lyne was asleep in his room in the stable when the flames first started. He did not awaken until the only avenue of escape was at flame. Springing through the fire he was so badly burned that he died in the street within a few seconds.

**Elect Superintendent.**  
Columbus, O., 20.—Edward M. Van Cleave, superintendent of the Steubenville public schools, was elected superintendent of the state school for the

blind at Columbus, by a vote of 4 to 1, by the trustees, succeeding Superintendent Brown. Superintendent Van Cleave is a school man of wide experience, having been superintendent for 24 years at Greenville and Barnesville before Steubenville.

**Says She Was Hypnotized.**  
Bryan, O., Aug. 20.—Charging that she was beguiled into marriage through hypnotism when she had no desire to wed, Mrs. Leon A. Hughes, formerly Miss Hattie Lees, the daughter of Elmer Lees, one of the wealthiest farmers in this county, filed suit for divorce. She was married to Hughes, who was a resident of Battle Creek, Mich., less than a month ago.

**Violent Deaths.**  
Youngstown, O., Aug. 20.—Two fatalities occurred at the steel mills of the Youngstown Sheet and Tube company and one man was injured. John Boxle and Frank Rapapfleh were killed, the first by being run over by a train, of iron and the second by a fall from a high platform. A man fell from Rapapfleh and was badly hurt.

**Shot by Unknown Person.**  
Bellair, O., Aug. 20.—Leonard Pierce, aged 19, while sitting near a window at the home of a neighbor, was shot in the breast by an unknown person. The shooting is believed to have been accidental, as the house in which it occurred is on the river bank, where revolver practice is quite common. Physicians believe Pierce will die.

**Preferred Death.**  
Akron, O., Aug. 20.—With the penitentiary staring him in the face, Harry Fletcher, colored, of Akron, hanged himself in the city prison, using his overalls, torn into strips, for a rope. Fletcher was brought from Youngstown a few days ago charged with assaulting Ella Rowe, aged 9 years and colored.

**Bonfire and the Result.**  
Columbus, O., Aug. 20.—A bonfire which Margaret Connitt, the four-year-old daughter of M. D. Connitt, started for the entertainment of her little friends, caused her death, and her father, mother and brother Harry were painfully burned in their efforts to save the life of the little girl.

**Collar Button Chokes Youth.**  
East Liverpool, O., Aug. 20.—While James, the 10-year-old son of F. F. Debold, was holding a collar button in his mouth he accidentally swallowed it. The button stuck fast in his windpipe and the youth was dead inside of five minutes.

**Wife's Charges.**  
Kenton, O., Aug. 20.—Mrs. Jessie Slater filed suit for divorce from Wilson Slater, a prominent young farmer, and a suit for \$3,000 against Miss Jennie Cox for alleged alienation of her husband's affections.

**All wool "Gold Medal" Carpets.**  
65c. Stephan's Dept. Store, 19-5t.

## B. & O. TO SPEND MUCH MONEY IN THE LOCAL YARDS

FOUR NEW TRACKS TO BE BUILT  
AS SOON AS POSSIBLE TO  
HANDLE TRAFFIC.

Freight Business Has Increased to  
Such an Extent That Improve-  
ments Must Be Made.

Local B. and O. officials have been notified that \$17,000 will be allowed them for improvements of the local yards. The money will be spent in constructing four new "pulling in" tracks, which are very much needed. At the present time there is only one track, "the pocket," that is used for freight trains in the yards, and the construction of the new tracks will facilitate the handling of incoming and outgoing freights, and will result in making better time, as the freight hauling business of the road has greatly increased.

## BELL-HAYS REUNION

Mt. Vernon, Aug. 20.—The annual reunion of the Bell-Hays families was held in the beautiful grove adjoining the Grove church in Harrison township Saturday, and was attended by a large crowd of people. The day was fine and the weather was ideal for the happy occasion.

A sumptuous feast was served at the noon hour on two long tables. The meeting was called to order promptly at 1 o'clock by President Charles W. Hayes and a fine program rendered.

Mr. Jacob Hays, now past eighty, is the oldest member of the Hays family living. Mr. James Bell of Utica, nearly eighty-three, the oldest member of that family, was not permitted to attend, owing to his infirmities of age. The following officers were elected for the ensuing year:

President—Samuel Bell of New Castle, O.  
Vice President—John Higgins of Martinsburg, O.  
Secretary—Mrs. Edith Hayes of Utica, O.  
Treasurer—Isaac W. Bell of Mt. Vernon, O.

The next reunion will be held the third Saturday of August, 1908, in Martinsburg.

## PATENT PAPERS FROM CANADA

Mr. N. J. Campbell, of 481 Maple avenue, this city, who recently received patent papers from Washington on a combination cushion railroad tie, has just received patent papers from Canada, through his attorney, H. D. McDonald, of Detroit, Mich. He has also applied for papers in Russia and Japan. The new tie has been under test on the B. & O. railroad about a year, one mile north of the city, and is giving good satisfaction, and the local officials are very much pleased with the test. Mr. Campbell is also figuring on putting in a mile of these ties in the near future. One of the good features of the tie is that the rail is placed upon a cushion and dropped down about 3-8 of an inch from the surface of the tie, which renders it impossible for the rail to spread, and takes a great deal of labor away from the fastenings.

## Rising From the Grave.

A prominent manufacturer, Wm. A. Ferrell, of Ludama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently for it has already stopped the liver and bladder complications, which have troubled me for years." Guaranteed at F. D. Hall's drug store. Price 50c.

Objectionable Neighbors--Grade to be Established  
in Tenth-Ash Street Controversy.

The meeting of the city council Monday night was as peaceful and quiet as a Quaker meeting. In fact it was most warm for any one to become excited or overheated and the meeting was disposed of without any of the occasional attendant fire works.

There was an immense volume of business transacted but it was largely of a routine nature and even though President Harry Rossell was absent, as was President P. G. T. H. Beadle, the volume of business which had accumulated was railroaded through at a lightning rate.

It was first thought that a president pro tem would be appointed and the meeting adjourned until Tuesday night when President Rossell or Beadle would be present. However, after Councilman Charles Conrad was thrust into the chair, it was decided to go on with the meeting.

After the reading and correcting of the journal, the law committee reported that they had gone into the claim of Mrs. Anna L. Martin made against the city and the American Light and Water company jointly and they recommended the rejection of the claim. The committee stated in its report that under the contract which the city has with the American Light and Water company, the city is not to be held liable in any manner for injuries to people resulting from the construction of the water plant. The report was received and filed.

The board of service submitted four reports, stating that work on the following named streets had been completed. The sewer on North Morris street; the street paving on East Main street from Oakwood to Madison avenue, the Dewey avenue sewer from Main to the Panhandle crossing; the sidewalk on North Gay street. These reports were received and filed.

The clerk filed a certificate that certain legal notices had been published the required number of times.

A petition by Mr. King was introduced from 28 property owners on Tenth street requesting that the grade of Ash street be cut ten inches lower. The petition was received and filed.

Ordinances were introduced and passed on a suspension of rules as follows:

By Mr. Moser—To issue notes to borrow money in anticipation of the collection of special assessments in the sum of \$19,700 for the paving of Union street.

By Mr. McNealey—To issue notes to borrow money for the Eddy street sewer.

By Mr. Cain—To advertise for bids for the purchase of a 36-inch leather belt for the electric light plant.

By Mr. Cain—To issue bonds for \$1,575 to build drains on Union street.

By Mr. King—To issue notes to borrow money in the sum of \$463.13 for the construction of sidewalks on Pine, Eighth, Riley and Andover.

By Mr. McNealey—To issue notes to borrow money in the sum of \$3,820 for the improvement of Church street from Eleventh street west.

Fully as many resolutions were disposed of rapidly. A resolution:

By Mr. Moser—Declaring it necessary to improve Maholm street from Union to West Main street was passed on a suspension of rules.

Councilman Moser had another resolution declaring it necessary to improve Pine street from Union to the Raccoon creek by paving and curbing. This was passed on a suspension of the rules.

Councilman King introduced a resolution directing the board of service to confer with the Panhandle and B. and O. officials concerning the construction of a street under their road from Wilson street into the Wehrle addition. The measure was adopted.

Councilman Moser introduced a resolution directing the I. C. and E. traction company to pave Union street within the rails of the company's tracks and in a foot on each side. It was adopted.

Two resolutions by Mr. Cain, one to pave Eddy street from Granville to Hoover and another to pave Pearl from Granville to Chestnut were passed on a suspension of the rules.

A resolution was introduced by Mr. King granting permission to J. F. Meridith to build scales in the street on Indiana street, near the cattle pens in East Newark at the Panhandle railroad. The scales will be constructed under the supervision of the board of service.

Councilman Moser introduced a resolution for the paving of Williams street from West Main street to a point 1615 feet north. The resolution was passed under a suspension of rules.

Representatives of property owners in the vicinity of Tenth street where there has been so much trouble over the establishing of the street grade, addressed the council and the matter was aired again in the council chamber. There was considerable hot air, exhaled pro and con and the solicitor finally prepared a resolution to be presented later. A resolution on sec-

ond reading to repair Hudson avenue sidewalks from North Park to Charles street, was passed on a suspension of rules.

A resolution by Mr. Hughes providing for the location of a sewer on Third, Fourth and Fifth streets between West Main and Pataskala streets, was passed on a suspension of rules.

Two resolutions by Mr. Hughes on their second reading providing for the paving of Fourth and Fifth streets from Main to Canal were passed on a suspension of rules.

Councilman McNealey offered a resolution asking for plans, etc., for an 8-inch sewer on North street.

Upon motion the council referred back to petition when a communication was read. It was addressed to the "Mayor and Aldermen," and asked for the removal of the inmates of a house at 69 Vine street, stating that the said inmates were objectionable to the neighbors. The petition was signed by 28 property owners. Upon Mr. Moser's motion and Mr. Hughes' amendment, the matter was referred back to the Mayor and the board of public safety.

The council again referred back to resolution on first reading when Councilman Moser introduced a resolution directing the city engineer to establish a grade in the Tenth-Ash street difficulty. This concluded the bill for the evening and the curtain was rung down.

### JOE WEBER'S PIECE ON TRIAL TOUR

New York, Aug. 20.—Joe Weber, busy with rehearsals of his new musical play at Weber's Music Hall, will appear at his own house on October 7. Previous to that, the play will be presented out of town for three weeks, with librettist, lyricist and

composer traveling along to rub up the dull spots and bring the piece to a Broadway shine.

As usual Edgar Smith has written the book and most of the lyrics. A few interpolations are by Will Cobb. Gus Edwards has written the music, and some anxiety was expressed on that score since Edward has heretofore written no ensemble music. What he has written was accepted by Mr. Weber, so it must be performed. Miss Amelia Stone will be leading woman of the company.

### FIREMEN PICNIC AT BUCKEYE LAKE

HUNDRED OF FIREMEN WITH FAMILIES AND FRIENDS ENJOY DAY AT LAKE.

Ball Game and Other Athletic Contests Featured The Day's Pleasures—A Big Success.

One of the largest and most enjoyable picnics of the season was the outing held by the members of Taylor lodge, No. 175, B. of L. F. and E., and the members of S. G. Martin lodge, No. 169, B. of R. T., their families and friends, at Buckeye Lake on

Tuesday and was a big success in every particular. Hundreds of people taking advantage of the opportunity for a pleasant day's outing at the lake. The principal feature of the day came at the noon hour when dinner was served, little family groups being scattered all over the beautiful grounds. The particular bright feature of the amusement on the ground which delighted the hearts of the children, was the figure eight, and the merry go round. The ball diamond was a feature for the older ones and a cracking game of ball between picked nines from the firemen and brakemen was had in the afternoon. A number of exciting athletic contests were had and the occasion throughout was one of the most enjoyable held at this popular resort this season.

### FIRST RAIL MADE AT STEEL MILL

Work will soon be commenced in earnest at the Ohio Rail Company's rolling mill, west of the city. A large number of workmen have been overhauling the mill and getting ready to commence operations. The first "roll" was made Tuesday afternoon in the presence of the officials of the mill and others. A number of rails were rolled under the direction of Mr. W. R. Davis, janitor of the court house, who is an old-time rolling mill man, having worked as a puddler in the old Newark rolling mill. Mr. Davis was in his element and the manner in which he turned out the rails won for him the admiration of all who saw the work.
